TNIAI NEWSLETTER

A MESSAGE FROM THE 2019-2021 TNIAI PRESIDENT

The holiday season is fast approaching, and with that I am so glad fall has finally arrived in Tennessee. I hope you all are enjoying the cooler weather and all of the fun festivities and scenery that this time of year brings. As we enter the season of giving, it is my hope that our organization is able to adopt a family for Christmas as we did last year. If you have a family that you would like to nominate, please let me know by November 22nd. Be on the lookout for more information via division email if you are interested in donating or helping in any way.

At our recent board meeting, we set the date for our 2020 conference to be September 28-30th, with the tentative location set at the TBI Headquarters in Nashville, TN, as plans are being finalized. Mark your calendars and stay tuned for more information

coming soon on the website.

We are in the process of updating our website with contact information in effort to allow members to be able to directly communicate with our board of directors and committee chairs for specific matters. On that topic, we are currently looking for a new Webmaster to take over the duties of future website layout and updates. If you or anyone you know has experience and interest in being involved in this way, please contact me.

As always, my email is open for anyone who has any questions, comments, or concerns. Please feel free to email me at tennesseeiai@gmail.com. Wishing you and your families a wonderful holiday season,

Monica Kent

2019 104TH IAI INTERNATIONAL EDUCATIONAL CONFERENCE

RENO RECAP

The IAI Annual Educational Conference provides a full week of high quality, cutting edge education, presentations, and hands on training in forensic examination dealing with the physical sciences and crime scene processing. One of our very own members Heather Hammond was one of the presenters this year in Reno. Way to go Heather!

John Dunn, active member and chairperson of our Scholarship Committee, served as our division representative and hosted our table in the vendor hall at the 104th IAI International Educational Conference held at the Peppermill Resort in Reno, NV back in August. The vendor hall kicked off on a Monday evening and was open to attendees until Wednesday afternoon. During that time, we had many attendees drop by for information and division swag. We had over \$1,000 in sales of T-shirts, challenge coins, and wine tumblers.

Many expressed their interest in coming to Nashville in 2021 for the upcoming parent body conference. Also in attendance, representing the TNIAI, were Monica Kent, Kristine Keeves, and Jacqueline Cockrill. We truly enjoyed our time in the beautiful Reno/Lake Tahoe area! Until next year!
